Aamna and Rayan are talking about revision for their examinations.

Aamna says, "I struggle to revise. I read my notes once, but the next day I can't remember what I have revised. My father likes to play loud music and I can't concentrate."

Rayan says, "I find revising easy. I work in a quiet room, read my notes several times and then do practice questions to see if I have remembered the information. I can remember the information for weeks, if not longer."

Using your knowledge of the multi-store model of memory, explain the conversation between Aamna and Rayan.

John and Rebecca are going to run a marathon in 6 months' time with a running group from work.

The running group has a training plan that says they must run every day during their lunch break at work.

John and Rebecca are discussing the training plan.

John says, "I would prefer to relax in my lunch break. However, I do not want to be left out. I like the people in the running group, so I will follow the training plan like everyone else."

Rebecca says, "At first, I was not sure how to train for the marathon, but I'm going to follow the training plan. It will be a good way of getting ready for the marathon."

Using your knowledge of explanations for conformity, explain the conversation between John **and** Rebecca.
